UNIVERSITY OF THE CITY OF TOLEDO
TOLEDO, OHIO

FOREWORD

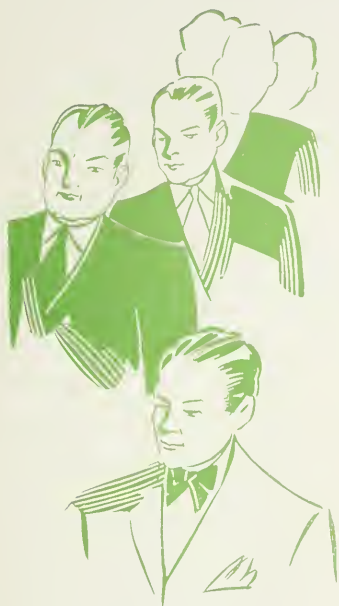

It is our motive in publishing the "Blockhouse" to present to the student body of the University of Toledo an annual which we hope will rank among the best of college annuals and which will, at the same time, bring back intimate and cherished memories of college life in the future.

Now that our work is finished, we extend our appreciation to all who have so earnestly helped in the preparation of this annual.

With great pleasure and pride, "The Blockhouse Staff" presents to the students of the University, "The Blockhouse of 1931."

DEDICATION

To
Professor J. B. Brandeberry

Who, in his sixteen years of service to the University of Toledo, has endeared himself to the heart of every student for his unfailing youthfulness of spirit, and whose fine example of christian living and thinking serves us as an inspiration and guide—

We, the students of the University, dedicate this edition of the BLOCK-HOUSE.

Dr. Henry J. Doermann

DR. HENRY J. DOERMANN, president of the University of Toledo, truly exemplifies the spirit of progress. The new University of Toledo stands as a monument of the fact that he has fulfilled all the plans of such men as Jessup W. Scott and Dr. John W. Dowd could only dream of. His valuable foresight and business comprehension aided him in showing the people of Toledo the necessity of having a new university which would afford excellent educational opportunities for everyone. Due to his earnest faith and belief in a municipal university, the University of Toledo has attained a prominent niche in the scholastic world and is steadily gaining new places of recognition. Dr. Doermann's fame is not confined to Toledo and the university alone as is evidenced by the fact that the American Association of Urban Universities elected him president of that group to lead them toward the perfected municipal university.

Dean Lee W. MacKinnon

PROBABLY the most interested, interesting person at the University of the City of Toledo is Dean Lee W. MacKinnon who is vice-president of the university, dean of administration, director of the junior college, and chairman of the faculty committee on attendance. His cheerful attitude toward everyone, his tact, friendliness, and his capacity for doing any work that he might attempt has won him a place of reverence in the heart of each and every student. He is to be especially lauded for the splendid way that he took charge of moving into the new university. This task was done so quickly and efficiently that few realize the labor required to accomplish it. The students' interest ranks first in all that Dean MacKinnon does and he pays especial attention to the seemingly little things which may mean a great deal in regard to some students' comfort and welfare.

Wisdom Comes To Us

THE wind blew from the hilltops into the valley. Told of the things it had seen out and beyond. Breathed of the value of knowledge in the world of endeavor. Sung of the sweetness of victory over full hardships. Wind of the ages come to us.

Wisdom come down from the teachers unto the learners. Tells of the things it can do pitted against problems. Breathes of the strength of knowledge in the world beyond college of tomorrow. Sings of the power of preparedness over blind progress. Wisdom of the sages come to us.

CHARLES JARVIS, *President*

Student Council

THE Student Council of the University of Toledo is the student governing body. It democratically represents the students and exercises full student control. The Council capably supervises all student affairs and is advised at all times by the Dean of Women and the Dean of Men.

The present year marks the initial year of the Student Council operating under the new constitution. A marked increase in representation, power, and activity has declared the new constitution a success.

Included among the numerous activities of the Council are the social affairs for the student body and the sponsoring of Loyalty Week.

This year the Student Council sent three delegates to the annual convention of the National Student Federation of America, held at the Georgia School of Technology, in Atlanta, Georgia. This delegation convinced the student leaders of the United States that the University of Toledo should play host to the next convention of the National Student Federation of America, to be held in December, 1931. The Student Council pledges itself for an outstanding N. S. F. A. convention in December.

A Senior's Departing Word

WE do not dare forget the beauty of our school, even though we have had it but a short while. Yet, those who for a last time are students take great pride in the accomplishment which we have so earnestly supported. How easily we appreciate the comforts and advancements of our new buildings. What joys are ours, what noble incentives we have found, and may you, undergraduates, find greater goals and higher ideals through the beauty and atmosphere of your new home.

We sincerely wish that the graduates of future years will carry with them the same warm friendship and respect of the administration and faculty that we have. These men and women are the sculptors of your lives. They mold your method of living, fashion your thought and habits, smooth out your prejudices, and perfect your character and ideals.

So may we who are leaving this marvelous organization take great pride in our Alma Mater to which we shall ever remain loyal.

RALPH E. WITTMAN.

Senior Class History

THREE hundred and fifty-seven of us enrolled in September, 1927. Remember our Freshman Week—a week of explanations, warnings, threats from Sophs and Greek organizations, that horrible mental exam, and finally a dance. The girls were given “big sisters” and bigger tams, while the boys had cute little freshmen caps. Bill Naylor became Freshman President. The Soph Vigilantes, headed by Ray Rideout and Margaret Stark, was formed to promote friendliness(?) and Cooperation(?) between Freshmen and Sophs. Dr. Doermann, chosen from forty candidates as new president of the University, was inaugurated March 19. The Sophomore co-operation and friendliness began. Marve Timm was taken for a ride and had to walk home in a burlap sack. Bill Naylor was also abducted. I was afraid to walk in any door but the main one. The bags for the grand rush were filled, and swimming was taken up. Many articles of clothing were torn and soiled. Rushing began—rushed—and closed, including romances with the same remarks. Remember our first Student Council Thanksgiving Dance in the Gym—thrilling—gay—packed. On January 14, we gave our Freshman Dance in the old gym, with very gay decorations. Bill Naylor became ineligible, and Bob Potter was elected in his place. Dr. Whiteford defends we modern youths. He says we’re as clean, intelligent, and conscientious as any he’s had. Remember our first Foolegion, “The Kampus Kolerá”? Class elections began—it seems there was some politics—Chuck Carson and Walt McKinley also had a little trouble. May 23rd was Campus Night—we burned our caps and tams. Our first May Day Celebration—dances, nymphs, and everything.

In our Sophomore year, bag-rushing was abolished—we lost out on Dunking the Freshies. Then we went out for the Bond Issue and did we win? Member that big parade with all the floats on Class Day and the Freshies won. We had our Soph Dance, headed by Art Blake, January 12 (after which M. C. gave a nice party). The eighty acre tract out Bancroft was chosen for the New U. site. Member when we all played at the Palace in “The Poor Nut(s)”? Then Dr. Holliday resigned to devote all of his time to literary work.

Chuck Sweeney was president of the Junior Class. Interest began in the New U. Buildings. An architect’s picture of the New U. Tower was presented. University mourns death of Dr. Glenn Bradley, our well-liked history professor. The Alumni gave us a grand, big party on February 12, at Convention Hall. Our J-Hop-formal on February 28, at the Women’s Building—Pete Preston was in charge. Jim Nicholson was appointed as new football coach—girls interested. Chuck Jarvis was elected president of the Student Council. Eddie Kutz was elected president of the Senior Class. Then we moved—just one semester in the new building—heck! The Last Mixer for the senior men—boxing—wrestling—. Senior Prom. AH! and OH! John Sheehy was chairman.

Exams—made them. Graduation week. Then we burst forth and conquered?

VIRGINIA STARNER.

DAVID V. CONNELLY
Director of Athletics

DAVE CONNELLY, athletic director, has been with us for five years. He is a graduate of Ypsilanti Normal and has a working knowledge of sport that makes him an ideal supervisor of our programs.

As an active coach, Dave concerns himself with the direction of basketball and track. His keen repartee and good nature have made him a favorite with the students of the school. No one has struggled more than Connelly to establish teams of worth. His supreme ambition is to qualify this university for higher competition. He has tried to perfect an intramural sport system. He has been terribly handicapped with mediocre equipment and a consequent lack of competent athletes.

Now he has a splendid athletic plant and an already noticeable influx of good student material. Connelly is in high spirits and looks forward to splendid accomplishments. He is determined not to let any opportunity pass that will boost our athletic endeavors.

BLOCKHOUSE

Athletics

TO say that athletics in our school are of top ranking would be to grossly exaggerate. To predict "better days ahead" is possible. As this school, academically speaking, is going through a transitional era, just so are its athletics. We are on our way from being (athletically) a "one-horse" college to becoming a "big time" university.

To many people, especially to college "grads," a college football is synonymous with college athletics. To them, a school that has a good football team has good athletics. If their teams merited first place in all sports save one, and the football team was only mediocre, the athletic department certainly would bear an investigation. At that, when the team is successful on the gridiron, similar successes in other branches of sport generally come to that school.

Our 1931 schedule is a difficult one. Nine football games are to be played. However, not one contest is a hopeless task. We have the men in school for a successful season. If these men are eligible in the fall and candidates for the varsity, our record will be good. If the men become ineligible or drop out of school, the reverses of the past year will likely be repeated.

A successful year in football, coupled with a new and great athletic plant, together with a general student realization that the University is entering upon a new era, will help to bring out on this campus a latent school spirit. Such a school spirit will be an attraction to the many fine football players that our local high schools annually graduate. With encouragement from you, who are already here, they, too, will matriculate at the University. When that day comes, look out for the University of Toledo.

FOOTBALL

COACH JIM NICHOLSON

JIM NICHOLSON, who has been with us since last September, is a capable coach. In this short time he has come to be an important factor in the shaping of football and intramural sport.

He was graduated from Denison, where he was an all-round athlete and a Phi Beta Kappa. Jim is serious in his desire to help Director Connelly in elevating the plane of University athletics. Coach Nicholson does not believe only in the elementary side of his job. He teaches the theory of all events, and insists that his teams know their game from any perspective. He is patient regarding winning teams, because he knows it is merely a question of time when the pick of the local high school talent will attend Toledo University in preference to outside colleges.

Nicholson insists on organization. Slipshod methods were abandoned with the old buildings. He wishes to have the physical education department as smoothly conducted as any major university in the country. He values student coöperation very highly and works to attain it.

Football Resume

TOLEDO UNIVERSITY played one of the hardest schedules of its history this year, meeting Akron, co-champions of the Ohio Conference, and Heidelberg, undefeated during the regular season. The Rocket Squad fared badly at the hands of these formidable foes, but injuries and dissension hurt the team even more.

The club started the season in a slipshod manner, but ended the year in a blaze of glory, tying Bowling Green, and turning an almost disastrous season into another channel by defeating Bluffton and Detroit City College. In these last two encounters the teamwork of the boys was very much improved over the initial contests of the season.

Adolf Harste

HARSTE

Adolf is as tough as you will find tackles in the N. W. O. conference. Anybody going through his position had a hard time. We lost Harste this year, and we bid goodbye to one of the best tackles the conference has ever had.

HISSONG

"Babe" is a player who has his heart and soul in the game. No line is ever too tough for him to buck up against. We like Babe's style of play, and are pulling for him to have an even bigger year in 1931.

CARSON

"Chick" was Coach Nicholson's mighty atom. A "never-say-die" spirit made diminutive "Chick" a most reliable ground gainer in spite of his weight. His plucky play in the Heidelberg game, giant the Student Prince giants, was the sole feature of the game.

MEYERHOFER

Hank, or Heine, broke into the line in the Heidelberg game. His long passes were always a scoring threat to the opposition.

Besides being an excellent passer, he is one of the best booters on the squad. He will be back next year, and should give the back-field men a spirited fight for a position.

BLOCKHOUSE

*Brud
McNutt*

McNUTT

Early this season "Brud" was shifted from an end position to fullback. Injuries kept him out of most of the early encounters, but he came back with a vengeance in the Bluffton and Detroit City College games.

BERNHAGEN

Bernie, one of our transfer students from Michigan State Normal, is going to be hard to beat next season. He distinguished himself in all games in which he took part, and with a year's knowledge of the Nicholson system should be "ready" in 1931.

GOSLINE

"Bob" played a remarkable game at half-back during the past season. Willing at all times to cooperate with Nicholson, he worked untiringly for the betterment of the team. Next year we hope to see him doing big things as regular half-back.

GROSS

"Jim" played at tackle, and although outweighed by most of his opponents, he was always fighting and giving a good account of himself. "Jim" has plenty of ability and it was only due to his lack of size that kept him from winning a regular berth.

BLOCKHOUSE

1931

PENCHEF

Did you ever see a terrier fight a St. Bernard dog? Well, then you can imagine the way Bennie played against the championship Heidelberg team. His vicious tackling won him the applaud of the crowd. Penchef was also a good ground gainer.

EMERSON

"Al" was a fixture at the center post, and seems to have the inside track on it for next year. He is only a sophomore this season, and has an excellent opportunity to engrave his name deeply in athletic records at the University.

BRIGGS

Jack Briggs also graduates this year. He came out for football in his Senior year, but made the team, nevertheless.

He played in quite a number of games during the season and was good enough to win his letter.

EDWARDS

"Wee Willie" had an off year. His play this year was not quite up to his 1929 standard. However, he played hard and we expect him to be back at his regular post in 1931.

W. Leon Edwards

BLOCKHOUSE

CHARLES

Because of Glenn's fighting spirit, he earned the nickname of "Battler." Charles has a good football frame, and a natural fighting nature. These qualities gave him a successful year, and he should have his best season in a Rocket uniform in 1931.

KURTZ

Joe is a big and powerful end. He will be back next year and should win a place for a wing position.

Ray Meng

MENG

"Notre Dame" Ray, who hails from Gus Dorais' University of Detroit Freshman squad, is a very reliable flanker. He is not sensational or spectacular, but he is there when some enemy back tries his position. Ray will be back next year.

KETTLE

Dale won his letter this year and he certainly deserved it. Kettle was out every night, working hard, and covered himself with glory in every encounter in which he took part.

Kettle

BLOCKHOUSE

TREPINSKI

This was "Ed's" second year on the team. Although he didn't play regular, he fought hard every minute he was in the game. With the past two years' experience, coupled with his ability to get in and fight, he should be able to take care of one of the wing berths on next year's team very capably.

FETTERS

Bill developed into one of the best defensive ends in the conference. Although he was not given much of a chance to show his wares early in the season, he came along great toward the end of the year.

His fine play against Bluffton was cheering, and we expect Feters to do more next year.

DUHAMIME

Duhamime joined the Rocket crew fresh from Ypsilanti Normal. Injuries kept him from showing his true worth. His work in the Falcon game stamped him as a promising back for 1931.

ALEXANDER

Harold, with a year's experience, is going to give the regular guards a tussle for a position in the 1931 edition of the Rockets.

Alex is a willing worker and has lots of smiles. We would like to see him take a place on the varsity next fall.

Varsity Football Squad

THE Rockets started their season at Akron, playing the Ohio conference champs there. Akron, with Red Cochrane in mid-season form, had little difficulty in downing the Nicholsonmen.

Ohio Northern followed Akron on the schedule. Although the Munies amassed a great many more first downs than the Adaiaans, a blocked punt gave Northern the victory by a margin of a single touchdown.

Defiance won over Toledo by one point. A costly defeat at the hands of Findlay followed and then Heidelberg met the Rockets in a gala night affair at the Waite Bowl. Heidelberg was the best team to appear on a Toledo gridiron in recent years and it certainly was no disgrace to bow before such a formidable adversary.

The Rockets traveled to Bowling Green and wrecked the conference championship hopes of the Falcons by earning a well deserved tie. Bluffton fell before the merciless onslaught of the aroused men of Nicholson.

The University of Toledo 1930 football team ended its season by downing Detroit City College by the score of 18-0.

Although the record of the Rocket football squad does not appear very impressive, Coach Nicholson is satisfied with the warriors who came through the season of 1930. Many of them will be back to play on a greater team next year.

BASKETBALL

CAPTAIN ARNOLD STRAKA

Arnold Straka

ARNOLD STRAKA, or "Rocket" Straka, as he was dubbed by a local sportswriter, was the ideal basketball player, combining speed with ability and fight. Although small, he was the best guard on the Rocket squad, and the outstanding player of the conference. Straka's crashing methods were a feature of every game in which he played.

Captain-Elect Straka will be back next year to fight for the Blue and Gold. Another campaign should see him develop into the outstanding basketball player in this section of the country.

1931

Basketball Resume

LACK of the necessary size handicapped the 1930-31 edition of the Blue and Gold Whirlwind considerably. Time and again, the Rocket squad was called upon to play against men who had the size advantage.

Although Connelly's men lost the majority of their games, we cannot say that the season was a total failure. The Rockets provided the spectators with a great brand of basketball in every encounter in which they participated. Especially thrilling were the Bowling Green, Heidelberg, Bluffton, and Baldwin-Wallace games.

The University of Toledo annexed the city collegiate crown after three hard games with St. John's University, winning the final in the new field house after a close, well played game.

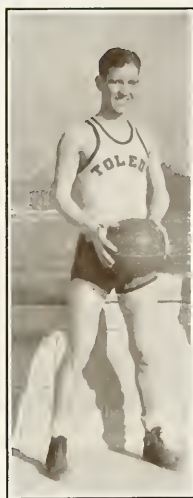

The season of 1930-31 developed a number of first class basketball material in the persons of Arnie Straka, All-Conference guard; Hank Meyerhofer, Don Schroeder, and Chick Carson.

The Freshman team had a brilliant season, winning most of its encounters. Joe Shanks, Bob Lewinski, Patterson, Kumpe, and Alexander look promising and will furnish the varsity with some high class material for the championship team of 1931-32, we hope.

BLOCKHOUSE

Karl Shull (*Center*)

"Chick" Carson (*Forward*)

"Don" Garner (*Forward*)

SHULL

Karl played under a distinct handicap all season. Time and again he was called upon to play against huge opponents. However, Shull covered himself with glory during every encounter, and it is with regret that we see him bow out of university athletics.

CARSON

Chick Carson, diminutive forward, started the year in fine style, but in the middle of the grind he suffered a disastrous slump that almost threatened to bench him permanently. The old Carson fight predominated, however, and the final games of the season saw him out with his mates, making life tough for the opposition. Chick also returns for another year's tutelage under Dave Connelly.

GARNER

Don was one of our second semester men who bolstered the team materially. Garner filled the role of star to perfection in many of our closing season games. He is another veteran who will return.

MANAGER SCHAAL

Every well regulated basketball team has an efficient manager. The Rockets had one in the person of "Bus" Schaal. He was the typical college athletic manager. The basketball team owes him more than it realizes. Jim King, his assistant, also comes in for his share of the credit.

BLOCKHOUSE

Maynard Smith (*Forward*)

Henry Meyerhoffer (*Guard*)

"Bob" Gosline (*Guard*)

SMITH

Maynard hit his stride late in the season, and was the Smith of old, looping long shots and breaking up the enemy offensive time and again. Smith has given his best to the University of Toledo. He will be hard to replace.

MEYERHOFER

Henry, or Hank, went out for the basketball team to prove that former football managers sometimes make star basketball players. Meyerhofer was listed as a substitute at the beginning of the season, but toward the end he was playing every minute of each game. Meyerhofer is another seasoned performer who will be back to help build a championship basketball squad.

GOSLINE

"Goose" Gosline filled the role of reserve guard in most of the varsity encounters. The experience gleaned from filling reserve positions will make him a candidate for one of the regular jobs on the varsity next winter.

BLOCKHOUSE

Paul Day (*Forward*)

DAY

Paul, or "Pea Ridge," proved to be Connelly's luck charm. It was his fielding in the closing seconds of play that won the Marion "Y" game. Paul is a hard worker and is another veteran who will be seen in the new field house next year.

SCHROEDER

Don has all the attributes of a natural basketball player. He is rangy, a good shot, and can move over the floor with amazing speed. Schroeder has a world of potential ability and next year should see him at his best.

KANDIK

Kandik, who started the season as a regular guard, had plenty of tough luck. He is a fighter and has a keen liking for the game. We predict great things for Andy in 1931-32.

UNDER the able captaincy of "Joe" Shanks, the Freshman Basketball team passed through a very good season, considering the fact that the season 1930-1931 was the first attempt of Toledo University to abide by the freshman rules of large universities and colleges. Findlay, Defiance, Bowling Green, Bluffton, Genoa, and St. Johns High School fell before the whirlwind attack of the Freshman team.

We are looking for big things from these men on the Varsity squad next year.

BLOCKHOUSE

Varsity Tennis

UNDER the direction of Louis McKibben, tennis was started as a major sport at the University, last year. The Varsity was selected by a elimating tournament. Bippus, Gray, Ernsberger, and Tenney were the ones to represent Toledo University. Losing only to Bluffton Toledo U. finished second in the N. W. O. Conference. The Rockets easily defeated Findlay, Bowling Green, and Defiance. Bippus and Ernsberger were the outstanding players during the season. A tough schedule has been arranged for next season, but with Bippus, Gray and Ernsberger back, we hope for a very successful season and possibly a championship.

Varsity Golf Team

ALTHOUGH Toledo University only formed a golf team this year they managed to tuck away the College Golf Championship. John Meier and Paul Jennsen, the main point getters, formed one of the most efficient double combinations in Ohio.

Eberley, a veteran, is back this year with Meier Jennsen being unable to continue due to working afternoons.

Toledo University totaled eighty-five points during the season to the opponents seventy-seven.

THIS year was an exceptional one for Toledo University. They beat Bowling Green for the first time, and Adna Snyder, the boy who won the Individual Conference Championship, broke the fast record of Allan Ballinger. Next year Toledo University should have a championship team. The squad will be built around Masters, Gossman and Snyder, as well as material from the Freshman team of last year.

Captain Edward Kutz. This is the fourth year for Eddie as a star on the Cross Country team. Eddie, although he was small, was always among the leaders. Capt. Eddie, with his smiling face, always put and kept the team on its fighting edge. This is the last year for Eddie and we certainly will miss him.

Karl Shull. There is not much to say about Karl other than he was always fighting. Karl ran in every race to win and with that determination no one could stop him. Karl was one of the best Cross Country runners ever developed at Toledo University. In 1929 he won the individual Conference Championship. Karl has the ability and determination that is seldom found in one man. This is his third and last year on the Cross Country team.

Charles Masters. "Chuck" is just a sophomore, but has had two years' experience on the varsity. He is a consistent runner and has such an easy stride that he does not even seem to be working. He has a weakness for finishing among the leaders. If Charles continues his good work, by next year he will be a star. Good luck, Chuck.

Adna Snyder. Adna won the Individual Conference Championship this year. This is good for a man on the varsity for the first year. Although he was a sophomore, he certainly showed what he could do. With two more years of experience Adna will be a star. Like "Chuck" Masters, Adna likes to finish among the leaders.

Karl Brenner, a senior, was on the Cross Country team for two years. Last year he was an alternate, but this year he was on the varsity. Karl was a very consistent runner and never considered a race lost even if he was behind. Karl will be gone next year and his place will be hard to fill.

Fred Gossman finished his first year on Cross Country team. The team had a tough schedule this year, but Freddie came through in great form for a first man. Next year he should be able to make quite a name for himself. It is worth mentioning that without any previous experience he made the varsity, running as an alternate, his first year.

Robert Jennings managed the team and when the occasion demanded acted as alternate runner.

Adolf Harste.

Adolf Harste

The catching end has been in the hands of Adolf, who is a very capable receiver. His disposition is care-free and he is rarely serious enough to die with sorrow. He totes a good batting average, but is more of a liability on bases than an asset. This is because he hates to move fast.

Donald McNary

In losing "Mac," a real center field vacancy is created. A fast man on his feet, with real ability at the plate, McNary has garnered his fourth letter in baseball. Base running is a specialty with this lad, and an opposing pitcher is in for his worries with Mac on base. His good throwing arm has held many base hits down to a minimum.

Vincent Komorowski

"Vince" has been with the Rockets two brilliant years. Coming here from Dayton, he earned a place in right field the first year, and has done some work with the pitching staff this season. His bat will be another of those apt to make deep gaps in the batting line-up. Always in excellent physical condition, Vince has been able to help out of many a tight pinch. His stay has been of great value to Toledo, and it is to be regretted that his two years could not have been lengthened to four.

John Evans

Only a few people have heard the real first name of this man, so it would be unkind to refer to him by any other title than "Brick." Four letters won at second base testify as to his right to be labeled one of the most valuable men on the team. Brick is a ball player of experience, always remains cool in any circumstance (except a poor decision) and is a mainstay of the squad. Evans ranks near the top in batting average, and has a keen eye for the fine points of the game.

Parnell Dumiller

Left field is the grass for Parnell, who gives the lie to his name by coming through with singles. Parnell is the fancy diving fiend. He covers the field as if he knew all the hills and valleys.

Homer Matzinger

Homer leaves this year with four letters to his credit, every one of them a compliment to his steadiness and ability. Outfielders are apt to be a silent type, and "Matt" shows no tendency to waste words. He gathers them in equally well from any outfield position, and can put them there as well with his consistent slugging. His dependability in backing up the team will be missed greatly next year.

1931

Baseball of 1931

THE Varsity Baseball Team showed fine prospects of having a championship in their credit. With the addition of former high school stars and transfer students, baseball at Toledo U is rapidly making itself felt in faster competition.

The staff of pitchers, consisting of Day, Shenefield, and Ryan, showed a considerable improvement over that of last year. The infield, composed of Jones on first, Evans on second, Arnold at short, and Bryan on third, showed a mark of distinction, both in fielding and hitting. With the flashy performances of Dumiller, McNary and Matzinger in the outfield, Toledo had little trouble with the hard hitting opponents.

The schedule was composed of twelve games, eight conference games and two games with Heidelberg and Ohio Northern.

Intramurals

COLLEGES and universities in the narrow sense of the word pertain to studies necessary to develop the mind. Only recently did educators see the benefit of training a student's body to co-ordinate with a well-trained mind. Farsighted educators saw the advantages of the system which is now known as intramurals.

The University of Toledo, with the dependable David Connelly supervising, has not been far behind in the modes of athletic competition. Even with the limited equipment of the old building on Nebraska Avenue, Connelly managed to furnish exercise for all who wished to take part. With the present newer and better facilities of the new buildings, we predict that the intramural system will grow until it becomes one of the most outstanding in the country.

This year it was estimated that at least 300 men students participated in sports sponsored by the university. A large share of the co-eds of the college also had their part in volley-ball, hockey, and basketball games under the direction of Mrs. Marion Richley.

In the men's football league the Degrees, composed of juniors and seniors, emerged victorious over the freshmen and sophomore squads. Lambda Chi fraternity won the basketball honors after a hard battle with the Sigma Beta Phi fraternity.

Captain "Tony" Shepherd's team, Earlham, won the intramural basketball championship in a league composed of men on the campus, regardless of fraternal affiliation.

An indoor league embracing men's Greek letter organizations is in progress, and later on indoor league composed of the barbarians on the campus is to be organized.

Baseball

BASEBALL makes its introduction on the new campus for the first time this spring. Strike one! Crack! And the game is on! After practicing indoor for a few weeks everyone welcomed warm weather and a real baseball game. The inter-class baseball tournament was delayed for a few days due to adverse weather.

Volley Ball

UNDER the able leadership of Jeanette Schelles, the volleyball season went over with a "bang" and came to a close all too soon. The freshmen, captained by Charla Beauprey, who instilled the necessary enthusiasm into her team, emerged as victors in the class tournament by defeating the upper-classmen and the sophomores. Members of the winning freshmen team were Charla Beauprey, Lois Bussdicker, Martha Pfund, Mildred Kloene, Marteen Boure, Frances Lanker, and Lucy Pozy.

Basketball

TIMERS and scorers ready? Captains?—Whistle! And so begins and ends a successful basketball season under the guidance of Thelma Miller, head of sport, and Dorothy Miller, intra-mural manager.

Each year an intra-mural basketball tournament is held, in which organized groups compete for the championship of the University. The purpose of the tournament is to give every one an opportunity to play on a team. The more teams, the better competition.

The Psi Chi Phi Sorority and the Kappa Pi Epsilon Sorority played for the University title, the Psi Chis winning the closely contested game which gave them the trophy cup to keep, having been victors for two successive years.

Class teams were chosen, from the group of eligible girls, by the head of sport and Mrs. Richley. The teams were so well matched that the tournament ended in a three-way tie which necessitated a new tournament. The second time the upper-class team, composed of Marge Hart (captain), Dorothy Miller, Helen Leech, Alma Hinchman, Flossie Zelden, and Jo Hauman, came forth with new enthusiasm, and defeated both the Sophmores and the Freshmen, thus claiming the University Class Championship.

Tennis

TENNIS, the international game, offers a splendid opportunity to the beginner and the veteran to take part in an all year sport which gives satisfying results. With Alma Hinchman as head of sport, many girls succeeded in developing real skill as a tennis player. With the opening of the new University of Toledo, the events at Ottawa Park were so convenient that a larger number of girls reported for practices this season than in previous years. Within another year, T. U. hopes to have its own tennis courts and not be compelled to use city courts.

Hiking

FOR that tired feeling—try a hike—the sort of hiking that gives you social contacts as well as a healthy body. This sport is open to every girl, regardless of individual skill, and has the advantage of being a year-round activity. In order to earn honor points, it is necessary that two University girls hike together; and then points are given at the rate of one point per mile, after the first five miles.

Archery

OH, the joy and pride of an arrow in the gold! An archery tournament was scheduled in the fall, and keen interest was shown by the girls under the supervision of Thelma Miller and Elinor Corns. The American and Columbia Rounds are the two most commonly used in tournaments. The American Round consists of thirty arrows shot at 60-60-40 yards, respectively. The Columbia Round consists of twenty-four arrows shot at 50-40-30 yards respectively. Simple honors were gained by shooting twenty-four arrows at 40 and 30 yards and making a score of sixty at 40 yards, and eighty at 30 yards. During the winter months, archery was continued at the indoor range on Monroe Street.

History of the Women's Athletic Association

LOOKING back over the years of the University Woman's Association we learn that in 1921 the first W. A. A. was organized, under the presidency of Christel Hiss. Basketball was the only recognized sport and during this year the Association was not active.

The next year, 1922-1923, a Point System was adopted and membership in the Association was limited to those having 100 points to their credit. The sports recognized were basketball, tennis, hiking, and baseball. Dorothy Meyer was President. Two inter-collegiate games were held with Bluffton and Detroit Junior College.

In 1923 Miss Norma Bird was the newly appointed Director of Physical Education, and a new era of athletics for women was introduced. The calendar of sports included the following eight activities: hockey, tennis, basketball, volleyball, baseball, swimming, pistol shooting, and hiking. Marian Ernsberger was president of the group.

The Women's Athletic Association became nationally recognized when it was admitted to the Athletic Conference of American College Women, January 29, 1925. Membership in the A. C. A. C. W. placed the University of Toledo on an equal basis with the leading universities of the country. This year horseback riding was added to the list of sports. Doris Fenneberg was president.

In 1925 with Mayme Batsel as president, heads of sports were elected who had charge of their respective sports.

In 1926-27, soccer was added to the fall season sports. An inter-class tournament was held. In the spring, track and field events were introduced and the season closed a success under the leadership of Nellie Severance.

The season of 1927-28, under Marie Mikesell, furthered inter-class tournaments in all sports. Miss Ernsberger was appointed Physical Education Director.

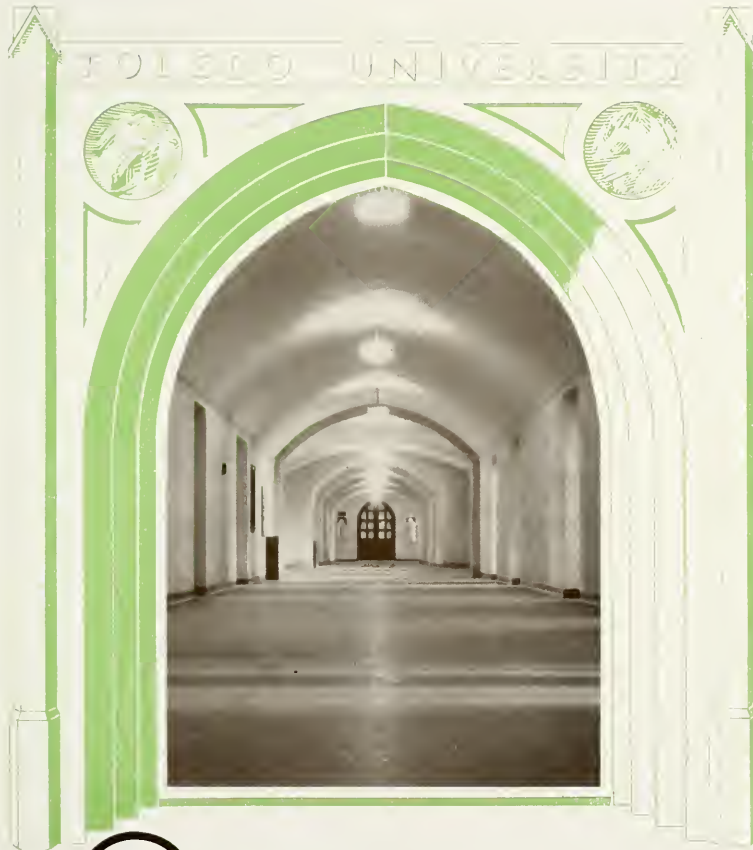

In 1928-29, pistol shooting was added to the list of major sports under the leadership of Mary Henry, as president. Intra-mural games were made possible.

Under the presidency of Helene Cosgray, and the general guidance of Miss Ernsberger, the year 1929-30 closed a great success for the W. A. A. Golf and archery were both introduced as minor sports. The requirement for a sweater award was raised from 1,000 to 1,500 points. For the first time, two delegates were sent to the A. C. A. C. W. Convention, held in Ann Arbor.

A revision of the W. A. A. Constitution adopted in 1927 was worked out during the season 1930-31, under the Presidency of Josephine Hauman. All participants must carry 12 hours of "C" work without any outstanding conditions or failure. Since inter-competitive sports is against all the national principles of "Sports for Sports Sake," it was decided by the Board to withhold all W. A. A. points from any girl who represents any association in athletic competition.

For the first time, a Play was held in the fall, and a Play Nite for all University Women was held during March. Two delegates were sent to Madison, Wisconsin, to attend the conference of the central colleges.

Now that the new University of Toledo is no longer a dream but a realization, the future for the W. A. A. holds many interesting plans.

Honorary Biological Society

THE Biological Society is an honorary organization formed in the spring of 1931 for the stimulation of sound scholarship among the students of the biological sciences, promotion of the dissemination of scientific truth and the furtherance of biological investigation.

To be eligible for membership in the society a candidate must have the total university scholastic record of 1.25 points and a biology average of at least 1.5 points; he must have completed at least 16 semester hours of biology; and he must be either a Junior, Senior, or a graduate major in biology; and affiliated associations may be held by students interested in biology, but who have not qualified for membership. The purpose of this relationship as associated members is to extend the influence of the organization to a larger number of students in the department and at the same time to prepare them for membership should they later become eligible.

This organization has applied for a chapter from Beta Beta, a national honorary biological fraternity. It is more than likely that the charter will have been granted before the end of this semester.

Debating Association

Officers

HOWARD KLINE	<i>President</i>

DR. G. HARRISON ORIAN	<i>Adviser</i>

THE Debating Association of the University of Toledo completed this year the fullest schedule in the history of forensic activities at this institution. Twenty-one debates for men were included in this schedule. Of these three were non-decisive in character, three losses, and fifteen were victories for the local squads. Decisions were by critic judges, trio judges, and audience vote.

A new feature of the Debating Association was the forming of a women's debate squad. Two questions were used by the women: State Medicine and Chain Stores, the first in single debates with Ohio University; Findlay and Miami, the latter in a debate with Northwestern University. Of the women's debates two were non-decisive in character, three were recorded victories.

Women's Teams

Negative Team: Marcia Witherell, Helen Lou Tucker.
Oregon Style: Charlotte Kepner, Helen Lou Tucker.
Oregon Style (Chain Stores): Murlyn Cameron, Helen Lou Tucker.

Men's Teams

Men's Conference Debates: Affirmative—Howard Kline, Capt.; Spencer Northru, Robert Kelb; Richard Brayton, Alternate.
Negative Team: Edwin Reid, Capt.; Arnold Sukrow, William Snow; Bernard Wolson, Alternate.
Oregon Team: Pleader, William Snow; Speaker, Edwin Reid; Cross Examiner, Howard Kline.

THE Gospel Team of the University of the City of Toledo was organized in the fall of 1927, by its present captain, under the auspices of the Student Y. M. C. A. This team has grown from a mere club project to one of the busiest Gospel Teams in the country.

During the first year of its service the team held six meetings in the Toledo churches. The next year ten services were held as interest in the team began to spread through the churches. The third year the group gained state and national fame by holding thirty-six services in Toledo. That year the Gospel Team appeared before three young people's conventions, gave one hundred and ten speeches and talked to approximately five or six thousand people. In the last year the team has held services every Sunday evening and will exceed its previous record.

The members of the team are from many denominations and strive only to advance the ideals of Christian ethics. All the programs are held on the same plan so as to be free from all sectual differences.

The Gospel Team has two purposes. First, to better acquaint the church-going public with the aims and activities of the students at their municipal university. Second, to, in as far as possible, correctly interpret the ethical and religious opinions of the university students of today.

Senior Class Prophecy

SUCCESS at last! I drove my car out of the "*Herring, Gross and Griffith* garage." Everything seemed to be wrong with my "*Manion Eight*," but under the supervision of *Lucille Gross* and *Robert Keck* the motor was soon purring its best. Down the street I sailed to drive into the gas station and fill the tank. *Charles Jarvis*—how well he had stood the toil of years—welcomed me.

"Well, Chuck, how's everything?" I asked.

"Pretty good," he said, "and what are you doing these days?"

"Plenty," I answered. "Haven't you been reading the papers? *Franklyn Hawkins*, editor of the '*Toledo Daily*,' has been giving me plenty of publicity. Haven't you read about the pension bill just passed?"

"Oh, you mean that one about a 'State Pension for College Women unable to obtain Teaching Positions'?"

"That's the one! Didn't you know the University of Toledo graduates of our class put that over?"

"Were there many interested?" Chuck asked.

"Many? Just read this list," I said, taking it out of my purse. "Here it is—*Mary Eggleston*, *Adelaide Hogue*, *Dorothy Schreiber*, *Marvel Stoll*, *Wayne Shepherd*, *Genevieve Edstrom*, and *May Blausey*."

"Stop! This is too much," sobbed Charlie. "Isn't there any hope of honest work for all these people?"

I shook my head. "None except by a state pension system. Well, we have succeeded, so things look brighter from now on."

"*Howard Kline* and *Bert Seligman*, able politicians at Columbus, helped us a great deal. Did you know *Doug Marshall* had taken over *Knute Rockne's* place at Notre Dame and that *Don Sharpe* obtained the position of coach at the University?" I asked.

"Yes, they were lucky," Chuck answered.

Curiosity always did bother me! "Chuck, why are you here? You had won-derful success in your medical office with *Lorin Kerr*," I said.

"Oh, ho," he laughed, "don't you know a vacation when you see one?"

So that was it. Well, I was satisfied and soon drove on my way, remembering it was late and that I had tickets for the Shakespearean Play. Taking my car home, I called a cab and directed the driver to take me to the "*Shull*" Opera House. I got my tickets from *Marian Tallman*, only to hurry in and have them snatched from my hand by *Martin Ceskowski*, while *Abe Steinberg*, manager of the theatre, smiled in approval at the fast coming crowd. *Mary Gordon* ushered me to my seat as the lights dimmed. Consulting my program, I found to my surprise many old classmates in the cast. *Walter Argow*, a wonderful Hamlet, *Catherine Tresslar*, the deceitful queen, *Juanita Kissell*, a charming Ophelia, and *Dale Kettle* and *Adolf Harste*, two of the funniest grave diggers I ever saw.

BLOCKHOUSE

William DeSana was busy at the piano during the intermission, when I saw Leslie Van Wormer and Herbert Ness, well known real estate dealers. Opposite from them were Winifred Clark, Mary Cline, Eleanor Evers, Ruth Libbe, and Marie Carr, representatives of the Toledo Business Women's Organization. In a far corner Thelma Greenamay, a society editor, scribbled notes.

Glancing at my program, I found it was printed at the "Radunz and Cooper" print shop, art work was by Mary Evans and Louise Taylor. Wilbert Wacker was stage director and Katherine Zimmerman was in charge of properties. She had done well, I thought, to inveigle period furniture from the "Seitz and Sattinger" decorating company. The play ended, the music started again, and Carl Brenner and Robert Bain presented the flowers to the stars.

Out on the street I again summoned a Bond Cab de Luxe. Charles Campbell, the courteous driver, took me to the Conold Hotel, where I dined in luxury. I recognized Ralph Cooley, the head waiter, and Fannie Harris, the cloak room girl.

I left my table to join Josephine Hauman, one of the few married people of my class. She had plenty of pleasant gossip to offer. "Did you know," she asked, "that Florence Kerr has just returned from her third trip around the world? Irene Hollerbach and Grace Schoonmaker are stylists at the fashionable 'West and Williams' Department Store. Kenneth Neubrecht and Harold Dunn are making history on a professional football team."

"Stop!" I shouted. "Where do you learn all this?"

"Well," she said, "I was down in the drug store, one of the many owned by Rose Kwapich, and I met Naomi Pollard, director of the Y. W. C. A. She gave me some of the information. Oh, here, have some of these Gilbert chocolates. Henrietta Breno has charge of the distribution of these in that factory."

"Say," I whispered, "isn't that Harry Casey dancing there?"

"It surely is," she answered, "and that's Maurine LaLonde he's with. She's a famous musical comedy star now, and he's a successful broker."

"I just saw a matinee and I must be hurrying home," I said.

"Yes, and I must go to the library," Jo answered. "I was going to get that new novel by Earl Day from the Reid book shop, but I just saw Marian DeWeese and she said they had it at the library. Margaret Freund is at the library, too. My, it certainly was a waste of good teachers when all you people couldn't get positions, but now that your pension bill has passed I guess a good many of you will be happy."

Just as we were leaving the hotel a beautiful "Garland Kyle" limousine drove by.

"That's Homer Matzinger, Toledo's richest man, and with him is Edward Kutz, who is running for mayor," said Jo.

"Yes," I answered, "I knew all that, but did you know that Ella Ruedy and Alice Winslow are both running for sheriff?"

At last I knew something first. We parted and as I walked down the street familiar signs met my eyes: "Maurice Leavell Offers the Best in Advertising," "Roger Forsyth and William Feters Cigar Store," "Laubach and Lauer Aviation School." By this time I decided it was a man's world.

Turning to the movie district, I changed my mind. One of Katherine Davis' famous novels was being presented. Edna McLaughlin was starring, assisted by Elena Ray and George Randall, a clever comedian.

BLOCKHOUSE

Karl Reiser, door man at the theatre, lured everyone in with his call of, "No waiting, plenty of seats inside." I stopped long enough to admire his fine costume and to glance at the coming attractions. Ralph Wittman was being featured in a play with Helen Rolfe. Funny how so many Toledoans had gone "Hollywood."

Hearing some commotion, I turned and saw Fred Zilles, a policeman, giving Edward Rohrer a ticket for parking his grocery truck double. Edward said he was a personal friend of Willis Scofield, chief of police, so the ticket was torn up.

I stepped into *Bornett's Soda Fountain* to buy a magazine. John Brown had recently taken over the Hearst interest, I found, and I discussed his well known career with Stanley Kwiatkowski, the drug store cowboy.

Glancing through the magazine, I saw that Foster and Frazier headed a well known correspondence school, and read in the testimony that Irene Kibler added much to her college course by these lessons.

I saw Bernard Squires on my way out and he told me he had just taken over a night club with Robert Kelb. I promised to go to see it, especially when he told me Alme Kiewat and Elizabeth Crane were hostesses.

It was nearly five o'clock, and so I hastened to the office of Russell Knowles and Stanley Davis, attorneys, to send in Henrietta Jennings' petition for a pension. Seeing Gordon Kohls' dentist office in the same building, I dashed in to make an appointment. Vincent Komorowski, the attendant, offered to extract my tooth immediately. He slipped the gas tube over my face. I felt a sharp tugging, and my eyes opened.

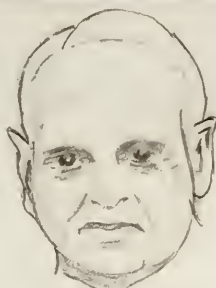

I was at a table, books piled high, tests on their way, and a class prophecy to write. The last year at school almost completed with plenty of work to do, and I was napping. But what an idea for a prophecy.

RUTH MCGINNIS.

BLOCKHOUSE

A Step Forward

THE faith which the people of Toledo have had in the project of our new campus and University Hall has been justified. As early as 1872 there has been an interest in the development of the institution. Jessup W. Scott gave the city the ground which was our campus until last January. Plans were being made for a new building when President Doermann came to us in 1928. His efforts in the acquisition of this wonderful building are known to everyone.

Negotiations finished, ground was broken by the Reverend Stephen K. Mahon on March 3, 1930. The students were all present and the event was indeed a mile-stone in our progress. We have watched it grow steadily since that time. Dean MacKinnon is another hard and cheerful worker, to whom we owe a great deal of praise.

On June 12, 1930, the cornerstone was laid in place by Mayor William T. Jackson, in the presence of the entire robed graduating class of that year and many other students and visitors. The program was sent to other interested listeners through Toledo's broadcasting station. The building went forward swiftly, and during the mid-term vacation of January, 1931, the University property was moved. The students loyally did their part in this, as in the other work of procuring the building itself. The first registration day, February 5, 1931, gave us many things to exclaim over and to marvel at.

The splendid building and field house were created by Mills, Rhines, Bellman and Nordhoff, architects. The style is referred to as "collegiate Gothic," though technically it is Tudor Gothic. The changes from the original are in the rectangular windows and the flying buttresses. It is built in the form of a square figure eight and is one of the most conveniently planned college buildings in the country. Lannon stone was used in its construction, relieved by various hues of blue and brown. The graceful tower stands 205 feet above the beautiful exterior arched entrance, which opens into a portico.

The field house, or the Arena, as it is now called, makes a second huge unit of our campus. A tunnel leading from the University Hall to the Arena lends the practical advantage of a single building.

Our pride in this magnificent building knows no bounds. It is gratifying indeed to see the stately tower rising above the two edifices and proclaiming our establishment in campus which will, in time, equal those of other universities. What countless opportunities we will have here for the advancement of civic and educational enterprises and for that vast unknown quantity—"an education."

"PLAY DAY," sponsored by the Women's Athletic Association for Freshmen women, opened the series of social events for the first semester.

The annual Student Council dance was held on October 10. Autumn leaves and fall colors transformed the old gym into a lovely ballroom. Shortly after, the Dramatic Association presented "The Queen's Husband" at the Collingwood Presbyterian Church. It was as well liked as "If I Were King," and "Holiday," which were given the second semester.

Fraternity rushing began with Alpha Phi Omega and Chi Beta Chi smokers, followed by Sigma Delta Rho and Chi Rho Nu smokers, Phi Kappa Chi dinner at Lakeside, Kappa Iota Chi smoker, and Lambe Chi rush party. Theatre parties, steak dinners, Hallowe'en rush parties and more smokers followed for the prospective pledges.

The Yuletide season is always one of the most brilliant of the year. The Student Council Christmas dance was held at the Women's Club on Cherry Street. Sorority and fraternity formal dinners and dances crowded the last week in December. The Sig Delt formal dinner was held at Heatherdowns; Chi Rho Nu formal dance at the Toledo Yacht Club; Sigma Beta Phi dinner dance at the Toledo Yacht Club; Kappa Iota Chi in the Progress Club; Open House at Chi Beta Chi in their new quarters; Kappa Pi Epsilon formal dinner-dance at the Women's Club; and Psi Chi Phi dinner-dance at Heatherdowns.

The first Tea for mothers ever given by a fraternity at Toledo was held in the Chi Beta Chi House on January 4. Several dinners and parties were held in honor of the marriage of Florence Bennett to Douglas Marshall on January 31.

Teas, luncheons, dinners, bridges and other attractive rush parties were planned by the four sororities to initiate the rushing season in February. The first dance to be held in the new building was the Pi Delta Chi pledge dance in the Conference room. The Faculty dames held the first tea given in University Hall in the Student Lounge.

Another of the first affairs of its kind was the "Play Night" for co-eds. Alma Hinchman and her committee planned a full evening for March 18.

And then the spring dances began. The Night Student Council dance was held in the Men's Gym. The long anticipated Junior Prom, April 10, was one of the most popular events of the year. There were two orchestras, and both the men's and women's gyms were used. Smilax and palms were used for decoration. It was a lovely spring scene. April 17 brought us the Freshman dance, and the annual Student Council Spring Dance was held on May 24.

The Seniors seem to crowd the social calendar with special events during the last of the semester. Eddie Kutz led the Senior Prom on May 15. Thus ended Loyalty Week! The Baccalaureate Sermon on June 14, and Graduation exercises on June 18, were held in the little theatre. The first class to graduate in University Hall!

ALMA MATER

Far within our glorious city,
Busy with its care,
Stands our noble Alma Mater,
Serving those who dare.

Chorus:

Lift the chorus ever onward,
Golden and the Blue,
Hail to thee, our Alma Mater,
Hail Toledo U.

Forth to Science, Art, and Culture
Sons of men so true,
Forth to share each other's burdens,
Calls Toledo U.

Honor then our foster mother,
Noble friend so true,
We will ever raise her standard,
Dear Toledo U.
